Short Stories on Personal Finance

Volume 1

Activity Worksheet

***to be used with the book**

Personal Finance

Imagine having a superpower that helps you reach your dreams and goals! That's what Personal Finance is all about! It teaches you how money works and how to use it as your own special power. With Personal Finance, you can buy what you want, save for your future, and make your dreams come true. It's like knowing the magic spell that helps you make smart money decisions and become a true Money Master Wizard!

Do you want to become a Mighty Kid with Personal Finance power? If so, start by writing the words "Personal Finance" a few times. As you practice writing them, think about what they mean, and also think about the next questions.

Personal Finance, Personal Finance,

What does it mean to be smart with your money? How can you use your money to help you reach your dreams and goals?

Once you've completed this activity, don't forget to celebrate your achievement by coloring the tree on the last page.

Budgeting

Budgeting is like a treasure map that helps you find your way to your goals.

It's a plan that helps you manage your money carefully and make smart decisions about how to spend it. Just like Alex, you can create a list of the things you want and then decide how much money you'll spend on each one.

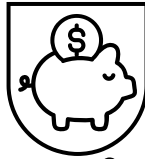

Doing this will help you decide what's most important to you so you'll have enough money to do the things you really want to do. Budgeting is a fun and exciting adventure that can help you reach your dreams and goals.

Do you want to become a Mighty Kid with the power of Budgeting? If so, start by writing the word "Budgeting" a few times. As you practice writing it, think about what it means and how it can help you achieve your goals.

Budgeting, Budgeting,

What are some things you can do to stick to your budget and save money?

Once you've completed this activity, don't forget to celebrate your achievement by coloring the budgeting symbol on the last page.

Saving

Saving is one of the most important things you can do with your money. It means holding on to some of the money you make now for the things you might want or need later. Whether you want something small or a new bike, like Julie, saving is a great way to reach your goals and be smart with your money. By saving a little at a time, you'll be ready for the future. So, make saving a habit and watch your dreams come true!

Do you want to become a Mighty Kid with the power of Saving? If so, start by writing the word "Saving" a few times. As you practice writing it, think about what it means and how it can help you achieve your goals.

Saving, Saving,

Why is it important to save money? What are some things you can do with the money you save?

Once you've completed this activity, don't forget to celebrate your achievement by coloring the saving symbol on the last page.

Earning

Earning means working hard to make money. The best thing about earning isn't only the money, though; it's also how proud and happy you feel when you achieve something on your own, like Don did. By earning your money honestly, you become responsible, independent, and make the world a better place. So, think of good and creative ways to earn money, and you'll have a life full of richness and beauty!

Do you want to become a Mighty Kid with the power of Earning? If so, start by writing the word "Earning" a few times. As you practice writing it, think about what it means and how it can help you achieve your goals.

Earning, Earning,

What are some creative ways you can earn money?

Once you've completed this activity, don't forget to celebrate your achievement by coloring the earning symbol on the last page.

Debt

Debt is when you borrow money to buy something you want or need, like Joanna did to buy her watch. You have to pay the money back later, but instead of paying it back all at once, you usually pay back the person or company you borrowed the money from over time. If you borrow too much money or don't pay it back on time, you might have to pay extra fees, which can cause a lot of stress and worry. When it comes to debt, it's best to only borrow what you can afford to pay back.

Do you want to become a Mighty Kid with the power of Responsible Debt? If so, the first step is to practice writing the word "Debt" a few times. As you practice writing it, think about what it means and how *responsible* debt can help you achieve your goals.

Debt, Debt,

What are some things you can do to avoid getting into unnecessary debt?

Once you've completed this activity, don't forget to celebrate your achievement by coloring the debt symbol on the last page.

Giving Back

Giving back means sharing your time or money with others who may need it more than you. You could donate money to a charity that helps people in need, volunteer your time for a good cause, or even just help a friend or neighbor. Giving back is important because it helps you learn kindness, compassion, and empathy. By giving some of your money to a charitable cause, you can make a real difference in the world and feel good about yourself.

Do you want to become a Mighty Kid with the power of Giving Back? If so, start by writing the words "Giving Back" a few times. As you practice writing them, think about what they mean and how giving back can help you achieve your goals.

Giving Back, Giving Back,

How do you feel when you help others in need? What are some ways you can give back to your community?

Once you've completed this activity, don't forget to celebrate your achievement by coloring the giving back symbol on the last page.
